

- Reduced number of missing parts in warehouse by 10% through statistical data analysis and machine learning model to identify causes of missing parts and predict inventory shortage.
- Streamlined cross-functional processes for improved material and information flow between three business units.

## Supply Chain Improvement Manager

### Airbus Operations GmbH

📅 Oct 2016 - Sep 2017

📍 Hamburg, Germany

- Reduced inventory capital tie-up by \$100M through data-driven target-setting process for optimized inventory levels.
- Collaborated with Business Transformation Director on 5 year road map for improved supply chain function, and managed the resulting project portfolio.

## Co-op Rotational Internship Program

### Airbus Operations GmbH

📅 Aug 2013 - Oct 2016

📍 Hamburg, Germany

- Completed project-based engineering internships in engineering, production, supply chain, and quality departments.
